Subject: Changes to National Weather Service (NWS) Shapefiles per
Executive Order 14172: Effective February 24, 2025

NOAA is in the process of implementing the Executive Order, "Restoring Names that Honor American Greatness." Work is underway to update naming conventions as quickly as possible on online maps, weather products, websites and other materials across the NWS. Users may notice a phased implementation of these changes as the agency works to update all products, services, and documentation with the utmost expediency.

As a result of the Executive Order, the NWS is changing references in these applicable NWS zone shapefiles:
